TAMPA, Fla., May 6, 2009 (GLOBE NEWSWIRE) -- eFUEL EFN Corp. (Pink Sheets:EFUL) is pleased to announce a monumentally successful Stock Buy Back/Stock Retirement program this past week. The company believes that eFUEL stock is currently under valued, and believes that shareholder value would be maximized from the retirement of shares. Since the Stock Buy Back/Stock Retirement began eFUEL has purchased and/or retired more than 25,000,000 million shares. The company stated their goal is to retire 50-100 million shares in the market within the next few months and return those shares to the treasury.

In other recent events, the I-NEX Worldwide, Inc. Super 8(a) certification filed and expected to be granted, is the "golden apple" of small business programs. It opens the most doors and provides the greatest opportunities, like preferential treatment in contracting with the Federal Government/GSA. Super 8(a), coupled with the launching of the eFUEL's flagship social networking site, <http://www.outRAGEousEncounters.com>, the company expects both local and national media coverage.
